My wife (Leslie) and I are both Licensed Massage Therapists and run our own company called Body Vox. We specialize in clinical and sports massage and private exercise instruction. I have been doing body-building over the past 24 years and have tried everything that has come on to the market. The Isagenix products have changed everything I've learned and taught on cleansing, nutrition and supplements.

After only 4 days on the 9 day cleansing system - **I lost 12 pounds** and **lowered my body fat from 10.5% to 8%**. I was really surprised with these results! The last time I was at this weight was 10 years ago and for my body to get this lean I would have had to workout hard for a month. I wish I had Isagenix when I was competing in body-building competitions! It would have made it a lot easier. Even with my weight loss, my strength is the same – however . . . **my endurance has increased by 50%**. I also do yoga and have noticed that **my flexibility has doubled**.

John Anderson has done a great job on the formulation of the products that synergistically work together. He uses only the finest ingredients and has come up with a delivery system that is by far the best. In my opinion - all the products are clean. There are no fillers, artificial coloring, artificial sweeteners or artificial flavoring. The Isagenix Cleanse for Life Drink does a great job of cleansing the body - but more importantly - it supplies the essential minerals that the body needs to allow you to perform at your best. This drink floods the body with the essential minerals that you cannot get from food, which is why you feel satisfied despite the absence of the caloric load. Overeating is like when you hyper ventilate to get more oxygen into your lungs. There are a lot of protein shakes on the market, but the Isalean Shake is superior to them all. The whey protein, amino acids, enzymes and dietary fiber are essential components to maintaining and supporting your body - **especially if you are an athlete like me who puts a lot of stress on your body**. The Accelerator Capsule is a great natural thermogenic compound that not only gives you energy - but also helps the cleansing of the body via perspiration through the skin.

Now to my favorite . . . the Ionix Supreme. This Super-Charged Formula is unquestionably the best dietary supplement on the market. The ionic, organic minerals, herbs, adaptogens, and rare Shilajit from the Himalayas that are in this drink is the elixir to great overall health. I take 1 ounce in the morning and 1 ounce at bedtime and I feel energized and strong. Even my dog loves IONIX ! My patients have all noticed the changes in my physique and are now asking questions about Isagenix. I've done testing on the Isagenix products and recommend it to all my patients. They are getting excellent results and are recovering from their injuries faster than I expected. We are also excited with being able to share this great product with others - and the wonderful business opportunity.
